

ELIGIBILITY REQUIREMENTS FOR M.Sc. ENGINEERING PROGRAMS

An applicant for admission in M.Sc. Engineering Program must fulfill the following requirements:

1. B.Sc. Engineering in the relevant field from PEC accredited Institution with minimum CGPA: 2.0/4.0 or 2nd Div.
2. Valid NTS GAT (General) score of atleast 50%
3. An online Test will be conducted for the students who do not have valid GAT Result.
4. The applicant must appear in the online interview on a specified date and time.

Aggregate marks are computed according to the following formula:

- i. B.Sc. Engineering Percentage Marks: 50% weight in merit aggregate.
- ii. ET Percentage Marks: 25% weight in merit aggregate.
- iii. Interview Percentage Marks: 25% weight in merit aggregate.

Notes:

1. In case of foreign qualification, verification from the HEC is required to be submitted after admission.
